

Treasure Coast Retreads

Fellow Retreads,

Welcome to the January 2010 calendar. First I'd like to take a minute and talk about the December 2009 Christmas party. Thanks go to Kenny and Janice for having the party again at their lovely home. Kenny did say he cleaned the garage out to make some room for us, which means Janice more than likely did most of the real work to get things ready for us. I've included a few of the pictures we took for your viewing pleasure.

For those of you who do not see your picture, you either paid me enough to keep it out, or we missed getting your smiling faces. Maybe next year we'll get good pictures to share of everyone!

For January's calendar I have included the new Ray's Pantry in Ft. Pierce. The restaurant is located at:

Days Inn Hotel
3224 South US Hwy 1
Fort Pierce, FL 34982

There have been mixed reports about the new Ray's and it is felt it is best to let the group try it and then decide if we would like to continue to have them on our monthly breakfast runs or not. The Ray's breakfast ride is scheduled for Sunday Jan. 17th.

The Florida State Retreads organization has gotten two regional clubs to hold runs coming up soon.

- The first is in January and is the "Florida Retreads 2010 Chile Rally" to be held on Saturday January 23rd in Chiefland, FL.
- The second is the "Hobo Stew Ride-In" to be held on Sunday February 21st in Floral City, FL.

There are "flyers" with additional information on the Florida State Retreads web-site at www.floridaretreads.org.

We now have a total of 36 newsletters going out by either email (28) or paper copies (8). The use of email greatly reduces the amount of paper; ink and postage necessary to get this calendar out and is much appreciated by myself. I have dropped 12 people from the monthly mailings. They did not respond to any request for updates in the last 3 months so have been removed from the distribution lists.

The club treasury has \$106.80 in it as of 12/21/2009. This money is to offset the costs of the paper, ink and postage for the paper copies. We will see how it goes in 2010 and adjust if necessary for 2011.

Ride Safe,

Rick & Kris Stanley
