

Fellow Retreads,

You will find attached the ride calendars for September and October 2010. You may be asking yourself, Rick, why two calendars this time? Well, I have a lot of business related travel coming up the next couple of months and would certainly have trouble creating one for October in a timely manner so decided it was better to get it out early rather than late. I may also need to get the November calendar out early for the same reason so be watching your email/mail boxes.

You will also note I have not included any pictures in either calendar. Two reasons for that. First I just haven't taken any lately to put in and no one has since any to me since the August calendar went out. Second, with the two attachments I didn't want to overload anyone's "band width" on downloading understanding not everyone has "high speed" lines.

You will also note we have added one new breakfast place in September's calendar on the 11<sup>th</sup>. We have added the "Original Pancake House" located at 4110 N.W. Federal Highway in Jensen Beach. This is the old Bob Evan's across the street from the Cracker Barrel. Kris and I have not been there yet but from the newspaper write-up's it looks like a good candidate.

Biketoberfest is coming up in mid October so if anyone is planning to ride up, let us know if you're interested in a group ride. The Retreads is having a "lunch" on Saturday if anyone is interested in attending, let me know and I'll pass on the time and place.
