Greetings Sunshine Retreads, 17 years ago when I retired, I just barely new how to turn on a computer. Now as my needs and priorities changed I find working on the computer and internet very interesting. Several people ,like **Dick Handverger** and **Bobby Farris** have helped greatly in my learning experience. Most of our membership receive their newsletters by Email witch cuts our costs dramatically. Only 25 hard copies are sent by regular mail. I understand most of us were not brought up with computers like the kids today, but I encourage anyone who has not to get help and learn. (ask your grandchildren.)

One thing I have learned recently is to **hyperlink**. **Hyperlink** allows me to add pages without adding pages to the newsletter. For example, click on the blue highlighted web address above to open our website. You can also open the flyers for the rally's on our cover page. To view pictures of the Nature Coast Ride – in, [Click here](#). I am leaving Bobby's instruction on how to operate the website in this letter.

Our Fellowship Luncheon had a record attendance this year. The guest speaker, Shelly Rossmeyer Pepe, did a great job. She has a wonderful personality and knowledge of her business. She also invited us to use their meeting room if we choose. Thanks Shelly!!!

Shelly Rossmeyer Pepe

What's wrong with your bike?

Well, every once in a while in fifth gear it would hiccup like it missed a cog in the gears. I took it to Greg Petersen in Zephyrhills, FL because he specializes in transmissions and engines. Since the transmission is inside the engine everything had to come apart. I said as long as you are doing that just fix "everything that you find". Also, replace the rings, adjust the valves, etc. He did and it cost me \$7400.00! I told him I wanted that bike to outlast me. Hope it does. Last week was the first I got to ride with the club in six weeks and we got in a ferocious storm on the way home.

I was soaked, but I didn't melt!!!

We only had 21 at breakfast today and had a beautiful ride led by Warren Hubert to Bay Port Inn for lunch. Fourteen bikes started out but only about seven ended up at the restaurant. Our snowbirds are abandoning us for the northern states. Sometimes over the summer only one to three people show up but we still ride.

Last summer we decided to end the rides in July as there was no one left and it was pretty hot.

We'll do the same this year as Gary Weber and Carole are heading north and I am going back to Penna till the beginning of November.

My bike runs like a dream - oh, I got a new clutch also and he replaced other parts that were worn and were after market parts with Honda parts. He kept all the parts and explained what it was and why he replaced it. If you want I can send you a copy of my itemized bill. It is very detailed.

Treasure Coast News Bob and Karen McGhee

As you can see by the pictures on the calendar, several of us rode to Leesburg last weekend for the Bike Fest. It was hot and crowded, but we had a grand time. More of you need to join us on these adventures, you are missing out on a lot of fun.

The weather is getting very warm, so not sure where we will go next, but keep tuned in. If anybody has a suggestion of a nice ride, let us know.

Please note: The Mystery rides on Wednesday now start at 8:00 AM.

Vacation time is upon us, so share your pictures for the calendar.

Ride Safe, Bob and Karen McGhee

Tallahassee News Janice Gargus

Every time we take a nice ride down historic highway 98 toward the beaches, we pass a small cottage barely visible on the water side of the road. This cottage is being swallowed by high grass and bushes and slowly rotting away.

Ahh, but I remember it well and it brings fond memories of spring break. I think about those times often as I sit in the co-rider seat of our Goldwing.

This is the quote on the historic register:

"Ten miles south of Panacea. "Finest fishing pier and docks between New Orleans, La., and St. Petersburg, Fla. 58 units heated in winter - Open year around." Author Julie S.

Bettinger writes those cottages began as efficiency rentals for soldiers. And what local doesn't remember the Oaks Restaurant? Famous for their garlic butter boats, hushpuppies, and fish. Malcolm Campbells' book excerpt: She chose mullet, French fries, hush puppies (with onion), a wedge of lettuce with thousand island dressing, and sweet tea. The waitress brought several small

boat-shaped bowls containing garlic butter in the prow and crackers in the stern to munch on while they waited for their entrées. If you are riding in this area, take a minute to enjoy the typical old Florida, as it was before the rise of hotels that block the beach view all through Florida; when you could enjoy the water and beaches. These photos are from old postcards:

TIMES AFTER ANNUAL (October 23, 2013)

Annual completed October 2013 by Mike Crowell. Upgrades include Lycoming
150-HP engine and axillary fuel tanks (38 gallon total) with STC for auto fuel. I
have used ethenol-free fuel for the past couple of years with Marvel Mystery oil
added. Burns 7-9 gph. New battery (5/29/2012).

DH: 7/28/1982; Nose gear torque tube & yoke assembly replaced due to hard
landing. Damage limited to these and prop tips.

Selling because I just don't have time to fly anymore as evidenced by the 16
hours between annuals this year, 14 and 25 hours the years before.

Plane is tied-down at Crystal River (CGC) and is available for inspection. Covers
for wings and fuselage included. It has some clear coat peeling off on some of
the exposed surfaces. Needs some TLC and to be flown regularly. Please call
John Mulkey (352 228 3733) for more info and/or to make an appointment to see
the plane. All logs available. Email jrmiami@hotmail.com
